

Left click on the Teaching Downloads link shown here.

Choose the year in which the sermon was taught that you want to download. In this case we'll choose 2012

**RIGHT** click on the particular teaching that you are interested in. In this example we'll choose Matt W teaching on Acts 21.

A window will open giving you several options.

Choose the "Save link as..." and left click on it.

Another window will pop open giving you the opportunity to save that sermon at any given location, (the default in yours settings will automatically show)

It will place the sermon here on your computer.

It will be named this file.

This is the type of file, it should default to an MP3 file. (MPEG Layer 3 Audio file. Dependent on your internet speed, this could take a few minutes.

Left click the "Save" button and the download will begin.
